The Columbus State University Fraternity and Sorority Life has been putting forth an effort to encourage increasing development for our fraternity and sorority community and require equal reporting while ensuring the safety and well-being of our students, other fraternities and sororities, local community, and the University’s reputation. We are requiring that each organization conducting membership intake will keep the staff of Fraternity and Sorority Life informed of all membership recruitment or intake activities each semester. This reporting is mandatory and may be available for review and revision each semester as needed.

Members, new members, alumni and members of Graduate Chapters will be held responsible for their actions during the new member process. It is important that these men and women understand that their actions may have repercussions on the undergraduate chapter. Undergraduate chapters are responsible for communicating the governing council and Columbus State University Anti-Hazing Policy to all members, new members, alumni and members of their Graduate Chapters.

The steps listed below must be completed in addition to the inter/national organization’s Policies and Procedures for Intake. The following information is private and is only available to Columbus State University Administrators. These items are required in order to ensure the safety of all members, while preserving the traditions of the organizations.

1. Notify the Fraternity and Sorority Life Advisor of the chapter’s intent to have interest meetings.

2. The officer responsible for educating and/or facilitating the new member process must file the following with the Fraternity and Sorority Life Advisor at least month prior to beginning of the new member process. It must be typed and delivered in person.
   a. **A General Intake Schedule.** It must include the dates of interest meetings, the date of the start of the new member process, the anticipated end date of the new member process, and the expected date of the new member show/presentation.

3. Within 48 hours of being accepted for membership, the **Name and Student ID Number of all New Members** must be submitted through the completion of the Fraternity and Sorority Life Grade Release and Anti-Hazing policies form. This is so that the Fraternity and Sorority Life Advisor is aware of all new members participating in activities. These forms can be found in the Greek Life portal through CSUinvolve.

4. If New Members would like to have a New Member Show/Presentation, they may do so, but shows are not mandated by the University. The following procedures should be used, and failure to do so will result in the New Member Show/Presentation being cancelled indefinitely by the Fraternity and Sorority Life Advisor
